

SCHIBECI POLYPLANERER

Specifications 12" Model 300 Standar Flow

Item Number:	683.16.01
Weight:	1,300
Min Cutting Width:	12"
Production:	1-2 MPH
Min Hydraulic Flow:	14 GPM
Min Hydraulic Pressure:	3,000 Psi

Specifications 12" Model 300 High Flow

Item Number:	683.16.02
Weight:	1,300
Min Cutting Width:	12"
Production:	1-2 MPH
Min Hydraulic Flow:	28 GPM
Min Hydraulic Pressure:	3,000 Psi

Specifications 18"/24" Model 450 High

Item Number:	683.16.02
Weight:	1,900
Min Cutting Width:	18" or 24"
Production:	1-3 MPH
Min Hydraulic Flow:	28 GPM
Min Hydraulic Pressure:	3,000 Psi

Schibeci Polyplaner Skid Steer Attachment Features

- Adjustable Depth Control
- Floating Rotary Swivel Head for Uniform Removal
- Long Lasting Carbide Tooling System
- On-Board side shift allows for safe and fast removal at roads edge
- Fully enclosed cutter box
- Dust Suppression system and dust extraction port
- Quick change tooling system
